

RICOH Pro C900

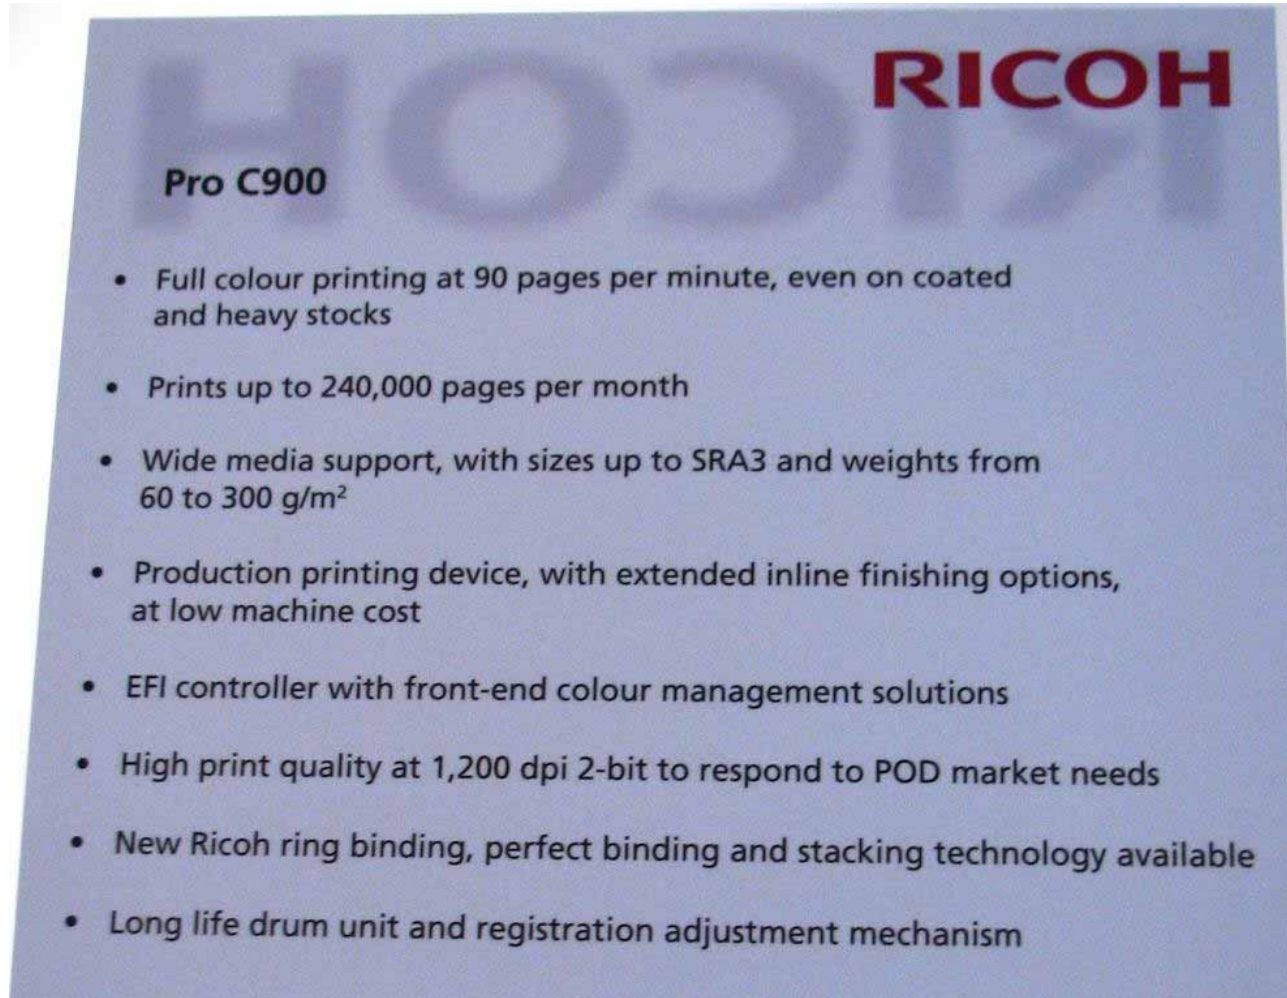

概略仕様

- 解像度: 1200 × 1200dpi
 - 階調: 256階調
 - プリント方式: 乾式静電転写方式
4ドラムタンデム方式
 - 印刷速度 (A4横): 90枚/分
 - 最大用紙サイズ: 13 × 19.2インチ
-

RICOH Pro C900

RICOH Pro C900 Feature

A presentation slide for the RICOH Pro C900. The slide has a light blue background with the RICOH logo in red at the top right. Below the logo, the text 'Pro C900' is displayed. A list of features is presented in black text with bullet points.

RICOH

Pro C900

- Full colour printing at 90 pages per minute, even on coated and heavy stocks
- Prints up to 240,000 pages per month
- Wide media support, with sizes up to SRA3 and weights from 60 to 300 g/m²
- Production printing device, with extended inline finishing options, at low machine cost
- EFI controller with front-end colour management solutions
- High print quality at 1,200 dpi 2-bit to respond to POD market needs
- New Ricoh ring binding, perfect binding and stacking technology available
- Long life drum unit and registration adjustment mechanism

RICOH EMP156

RICOH

EMP 156 EASILY INTEGRATED, ROBUST SOLUTION FOR PRODUCTION PRINTING

- Designed for very high-volume applications like print-on-demand (POD) and data centre printing
 - Integration in high-volume host printing environments, with true native IPDS support
 - Features an engine life of 90,000,000 images and can print up to 4.5 million pages per month, at 156 pages per minute
 - High paper input capacity of 15,500 sheets to match its output speed
 - Air pick mechanism for reliable paper feeding, allowing special media handling such as coated stocks used by commercial printers and weights from 60 to 199 g/m²
 - Easy maintenance at operator level with user replaceable parts
 - Continuous printing even when adding toner or paper
 - Print resolution of 600 x 600 dpi
-
